Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities of the Town of Montgomery Industrial Development Agency, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the IDA's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Auditor's Responsibility (Cont.)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the Town of Montgomery Industrial Development Agency as of December 31, 2016, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 19, 2017 on our consideration of the Town of Montgomery IDA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of the audit performed in accordance with *Government Auditing Standards* in considering Town of Montgomery IDA's internal control over financial reporting and compliance.

TOWN OF MONTGOMERY
INDUSTRIAL DEVELOPMENT AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Town of Montgomery Industrial Development Agency's (the Agency) annual financial report presents an analysis of the Agency's financial performance during the fiscal years ended December 31, 2016 and 2015. This information is presented in conjunction with the audited basic financial statements, which follow this section.

FINANCIAL HIGHLIGHTS FOR THE YEAR 2016

- \$ The Agency's net position decreased by \$5,212 or .9% from \$602,433 to \$597,221.
- \$ Operating revenues decreased by \$59,786 from \$61,607 to \$1,821.
- \$ Operating expenses decreased by \$3,040 from \$10,073 to \$7,033.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of the following three parts; Management's Discussion and Analysis, Basic Financial Statements and Other Required Supplementary Information. The Financial Statements include notes which explain in detail some of the information included in the basic financial statements.

REQUIRED FINANCIAL STATEMENTS

The Financial Statements of the Agency report information utilizing the full accrual basis of accounting. The Financial Statements conform to accounting principles which are generally accepted in the United States of America. The Statements of Net Position include information on the Agency's assets and liabilities and provide information about the nature and amounts of investments in resources (assets) and the obligations to Agency creditors (liabilities). The Statements of Activities identify the Agency's revenues and expenses for the year ended December 31, 2016. This statement provides information on the Agency's operations over the past year and can be used to determine whether the Agency has operated in a surplus or deficiency. The third financial statement is the Statements of Cash Flows. This statement provides information on the Agency's cash receipts, cash payments and changes in cash resulting from operations, investments and financing activities. From the Statements of Cash Flows, the reader can obtain information on the source and use of cash and the change in the cash and cash equivalents balance for the year.

FINANCIAL ANALYSIS OF THE AGENCY

The Statements of Net Position and the Statements of Activities provide an indication of the Agency's financial condition and also indicate that the financial condition of the Agency has improved or deteriorated during the last year. The Agency's net position reflects the difference between assets and liabilities. An increase in net position over time typically indicates an improvement in financial condition.

TOWN OF MONTGOMERY
INDUSTRIAL DEVELOPMENT AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS

NET POSITION

A summary of the Agency's Statements of Net Position is presented below.

Table 1
Statement of Net Position

	<u>2016</u>	<u>2015</u>	<u>Dollar Change</u>	<u>Percentage Change</u>
<u>Current Assets</u>				
Cash	\$ 601,621	\$ 606,833	\$ (5,212)	-0.86%
TOTAL ASSETS	<u>\$ 601,621</u>	<u>\$ 606,833</u>	<u>\$ (5,212)</u>	<u>-0.86%</u>
<u>Current Liabilities</u>				
Accrued Expenses	4,400	4,400	-	0.00%
TOTAL LIABILITIES	<u>4,400</u>	<u>4,400</u>	<u>-</u>	<u>0.00%</u>
<u>Net Position</u>				
Unrestricted Net Position	597,221	602,433	(5,212)	-0.87%
TOTAL NET POSITION	<u>\$ 597,221</u>	<u>\$ 602,433</u>	<u>\$ (5,212)</u>	<u>-0.87%</u>

As the above table indicates, total assets decreased by \$5,212 from \$606,833 to \$601,621 during the year ended December 31, 2016.

Total current liabilities remained unchanged from the previous year's amount of \$4,400.

Table 2
Statement of Activities

	<u>2016</u>	<u>2015</u>	<u>Dollar Change</u>	<u>Percentage Change</u>
TOTAL REVENUES	<u>\$ 1,821</u>	<u>\$ 61,607</u>	<u>\$ (59,786)</u>	<u>-97.04%</u>
TOTAL EXPENDITURES	<u>\$ 7,033</u>	<u>\$ 10,073</u>	<u>\$ (3,040)</u>	<u>-30.18%</u>

The Statements of Activities identify the various revenue and expense items which affect the change in net position. As the information in Table 2 indicates, revenues decreased from \$61,607 to \$1,821 and expenditures decreased from \$10,073 to \$7,033.

TOWN OF MONTGOMERY
INDUSTRIAL DEVELOPMENT AGENCY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES.

A. Reporting Entity

The Industrial Development Agency of the Town of Montgomery (the "Agency") is a body, both corporate and politic, created for the purpose of encouraging economic growth in the Town of Montgomery.

The Agency is administered by a Board of Trustees ("Board") that acts as the authoritative and legislative body of the entity. The Board is comprised of seven (7) board members who are appointed by the Town Board of the Town of Montgomery. Each Officer serves until such member dies, resigns or is replaced by resolution of the Town Board. No board members receive compensation for serving on the Board.

The Board of Trustees annually appoints the Chair(person) of the Board from existing board members. The Chair responsibilities are to preside at all meetings of the Board; be the chief officer of the Agency; perform all duties commonly incident to the position of presiding officer of a board, commission or business organization and exercise supervision over the business of the Agency.

The accompanying general purpose financial statements comply with the provisions of GASB Statement No. 14, "The Financial Reporting Entity", in that the financial statements include all organizations, activities, and functions that comprise the Agency. Component units are legally separate entities for which the Agency (the primary entity) is financially accountable. Financial accountability is defined as the ability to appoint a voting majority of the organization's governing body and either (1) the Agency's ability to impose its will over the organization or (2) the potential that the organization will provide a financial benefit to, or impose a financial burden on, the Agency. Using these criteria, the Agency has no component units.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government.

TOWN OF MONTGOMERY
INDUSTRIAL DEVELOPMENT AGENCY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES. (Continued)

B. Government-wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Government fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they both measurable and available. Revenues are considered to be available when they are collectible with the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within thirty-one days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Grants and entitlements and interest associated with the current fiscal period are all considered being susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered measurable and available only when the IDA receives cash.

Fund Accounting

The Agency uses the general fund to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The Agency only uses one governmental fund, the General Fund.

TOWN OF MONTGOMERY
INDUSTRIAL DEVELOPMENT AGENCY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES. (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)

Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. Government funds reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance.

The Agency reports the following major governmental funds:

General Fund - The general fund is used to account for all financial resources of the Agency except those required to be accounted for in another fund. The general fund balance is available to the Agency for any purpose provided it is expended or transferred according to the general laws of New York and the bylaws of the Agency.

Revenues - Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each part gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year for the Agency, available means expected to be received within thirty-one days of year-end. Under the modified accrual basis, only interest is considered to be both measurable and available at year-end.

Non-exchange transactions, in which the Agency receives value without directly giving value in return, include grants and donations. On an accrual basis, revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the Agency must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the Agency on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must be available before it can be recognized.

TOWN OF MONTGOMERY
INDUSTRIAL DEVELOPMENT AGENCY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES. (Continued)

D. Capital Assets

General capital assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not.

Expenses/Expenditures

On an accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decrease in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable.

E. Cash and Cash Equivalents

The Agency's investment policies are governed by State statutes. Agency monies must be deposited in FDIC insured commercial banks or trust companies located within the State. The financial officer is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury, and obligations of New York State or its localities.

Collateral is suggested for demand deposits and certificates of deposit at a range of 100% or 105% of all deposits not covered by Federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts.

Deposits and investments at year-end totaling \$601,621 are entirely covered by FDIC insurance or by collateral.

It is the Agency's policy to invest all extra cash into demand deposits and certificates of deposit.

TOWN OF MONTGOMERY
INDUSTRIAL DEVELOPMENT AGENCY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES. (Continued)

F. Net Position

Net position presents the difference between assets and liabilities in the statement of net position. Net position invested in capital assets are reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are legal limitations imposed on their use by Agency legislation or external restrictions by creditors, grantors, laws or regulations of other governments.

G. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

H. New Accounting Standards

The IDA has adopted all Statements of the Governmental Accounting Standards Board (GASB) that are applicable.

NOTE 2. FIXED ASSETS

Fixed Assets consisted of the following at December 31, 2016:

	<u>Balance at</u> <u>December 31, 2015</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance at</u> <u>December 31, 2016</u>
Furnishings and Equipment	\$ 735	-	-	\$ 735
Less: Accumulated Depreciation	735	-	-	735
Total	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 3. TAX CERTIORARI SETTLEMENT

During 2016, the Town of Montgomery IDA entered into a tax certiorari settlement with UPS Ground Freight. The settlement included tax credits which were applied to fully satisfy the 2016 Town and County payment as well as the 2016/2017 School tax bill and resulted in payments paid by UPS of \$26,616 only for local special district taxes. The remaining tax credits included \$7,430 to be applied to the 2017 Town and County and \$6,597 to be applied to the 2017/2018 School tax.

To the Members of the Board
Town of Montgomery Industrial Development Agency
Montgomery, N.Y. 12549

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities of the Town of Montgomery IDA, as of and for the year ended December 31, 2016 and the related notes to the financial statements, which collectively comprise Town of Montgomery IDA's basic financial statements and have issued our report thereon dated July 19, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Town of Montgomery IDA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Town of Montgomery IDA's internal control. Accordingly, we do not express an opinion on the effectiveness of Town of Montgomery IDA's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and responses that we consider to be a significant deficiency, identified as finding 2016-1.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Town of Montgomery IDA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Town of Montgomery IDA's Response to Findings

Town of Montgomery IDA's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. Town of Montgomery IDA's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SECTION I - SUMMARY OF AUDITOR'S RESULTS

FINANCIAL STATEMENTS

Type of Auditor's Report Issued: Unqualified

Internal Control Over Financial Reporting:

Material weakness(es) identified? Yes X No

Significant deficiencies identified that are not considered to be material weaknesses X Yes No

Noncompliance material to financial statements noted? Yes X No

SECTION II FINANCIAL STATEMENT FINDINGS

Finding 2016-01 Limited Segregation of Duties

Condition: The auditor found instances where segregation of duties was limited. Limitations in control activities may be addressed through additional management oversight. Through interviews with management and staff we were able to satisfy ourselves that direct involvement and knowledge of these activities reduced the potential for errors or irregularities.

Criteria: Segregation of duties relates to how various duties are assigned to different people within the organization. Generally, the responsibility for authorizing transactions, recording transactions, and maintaining custody of assets should be assigned to different people so that no single person is in a position to both commit and conceal errors, irregularities or fraud.

Cause: Limited resources and personnel available contribute directly to the level of segregation achieved. Another factor is the organizational structure and the assignment of responsibilities within that structure.

Effect: The financial statements could have been significantly misstated due to errors or irregularities and fraud or misappropriation could occur and not be detected without adequate segregation of duties and responsibilities.

Recommendation: We recommend that the management review the responsibilities of business staff, as well as the duties actually being performed currently. This review should focus on segregating the functions for authorizing transactions, recording transactions, and maintaining custody of assets. As part of this review, management should consider whether the current staffing level is sufficient to achieve the desired internal control. It may be necessary to hire additional staff.
