# OUR MISSION ACCOMPLISHED

## OUR MISSION

The Town of Montgomery IDA advances the economic prosperity and quality of life of the Town of Montgomery and its residents by attracting and acting in support of economic development projects, placemaking, workforce development initiatives, energy sustainability and private investment in infrastructure through utilizing the statutory powers of the agency set forth under the provisions of the laws of New York State. Our tax incentive programs aid in the attraction, retention and expansion of businesses and job opportunities while strategically positioning the Town of Montgomery as the premier Hudson Valley destination to work, live and visit.

In 2023, the Board and Executive Director worked to enhance economic development, and also secured and reviewed the following applicants including Milk Factory LLC, KCE Energy NY 2, Hawkins Drive LLC, 29 Grant Street LLC, City Winery, and Hudson Valley Country Club LLC. In October 2023, the Hudson Valley Country Club LLC was officially approved for sales tax exemptions at the existing Lake Osiris golf course as an adaptive reuse project- the only new IDA project approved in 2023. A full list of projects can be found on our website at [montgomeryida.com/projects](http://montgomeryida.com/projects).

We are fulfilling our mission because our efforts have focused on attracting our niche of agritourism related projects and helping current businesses expand and bringing jobs to the Town. There is a need for infrastructure updates in the Town of Montgomery to attract larger manufacturing projects, several projects were lost due to this ongoing issue. The Town of Montgomery and Village of Montgomery are contracted to receive additional sewage and water capacity from the Village of Maybrook. Moreover, there is a clear need for senior housing and more housing-related projects in general, including mixed-use developments.

# ADDITIONAL QUESTIONS

**1. Have the members of the Agency acknowledged that they have read and understood the mission of the public authority?** The members of the Agency have reviewed the mission statement and approved the same by resolution on January 10, 2023.

**2. Who has the power to appoint the management of the public authority?** The Board members of the Agency appoint the Executive Director of the Agency

**3. If the members appoint management, do you have a policy you follow when Appointing the management of the Agency?** The Agency looks to the Board Members and Town Board to find appropriate candidates for management through a rigorous application process.

**4. Briefly describe the role of the members and the role of management in the implementation of the mission.** The Mission of the Agency was developed by the members through much consideration and discussion. The members of the Agency act as an independent body of members who all take their role and responsibility as Agency members very seriously. They consider the facts and implications when making determinations. The members make policy decisions, and look to management to implement said policy. All decisions to grant financial assistance by the Agency ("Project Approvals") require approval of the members; in those cases, the members request insight and recommendations from management; however all final decisions on Project Approvals reside with the voting members of the Agency.

**5. Have the members acknowledged that they have read and understood the responses to each of these questions?** All members will participate in presentation for discussion, and approval of these responses at our December 12, 2023 board meeting.
